Public notice.

It will be seen by Dr. John Beckwith's letter, dated June 1st, 1845, that he has discontinued all agencies on commission for the sale of his (Beckwith's) anti-dyspeptic pills, and has established one principal office, which is at the Columbian College, No. 132 North Second street, Philadelphia, where the public are recommended to apply for the genuine pills.

Protection against counterfeits.

Dr. Beckwith, proprietor of "Beckwith's antidyspeptic pills," having suffered great loss, as well as those who have been in the practice of using his pills being disappointed and their health injured:

It will be seen by Dr. Beckwith's letter of June 1, 1845, that he has adopted the only safe plan for himself and the public against these miscreants, by having placed the sale of his medicine in the hands of one special agent, where every one who wishes to be supplied with the genuine article must apply.

Dr. T. W. Dyott & Sons, of the Columbian College, No. 132 North Second street, Philadelphia, are the only persons appointed to supply the above pills in quantity, as no counterfeit article is permitted in their establishment. Dealers and the public will be safe in supplying themselves as above.

The proprietor of Wright's Indian vegetable pills has discovered that his pills are counterfeited and extensively circulated through the country by persons unauthorized by him.

Dealers in the above pills are therefore respectfully informed that Dr. T. W. Dyott & Sons, of the Columbian College, No. 132 North Second street, Philadelphia, are the only persons authorized by me to sell my pills, in quantity, at the same prices as myself.

Any other persons travelling through the country offering my pills in quantity, and at reduced prices, are assuredly base counterfeiters, and ought to be rejected as such by every "honest dealer," and it is to be hoped will be, if it is only for the health and the lives of the pablic.

limited number of young ladies in the several branches of a thorough English and French education.

The English department will be conducted by a lady who was formerly a teacher in the Albany Female Academy, and has been for several years teaching in the family of Mrs. Eliason.

Great pains will be taken to teach well the principles of science, the application of which will require diligent study on the part of the pupil; and in order to accomplish fully this important object, teachers of the highest qualifications will be provided for each department. The French teacher will reside in the family, and the pupils will be taught to speak accurately, as well as to read and write the French language.

To those young ladies whose parents desire it, a course of instruction will be given in Latin, as the foundation of modern languages.

The government will be parental, and conducted on Christian principles. Alexandria is admirably located for an institution of this kind, being retired and healthy, combining the advantages of town and country. Members of Congress who have daughters to educate, will find this institution convenient for that purpose, as steamboats ply hourly between Alexandria and Washington city.

The scholastic year will be divided into two sessions, of twenty-two weeks each, commencing on the 8th of September, and the 8th of February.
